Bringing Communities Together Worldwide

 **SPORT COURT**

World's Largest Courtbuilder™

“We had a very difficult gym floor problem. We looked at several companies, but the team from Sport Court gave us a great solution and we couldn’t be more satisfied with our new gym floor for our Park District.”

Sue Gwinnup, Arlington Heights Park District

Customize Your Court with Confidence

We understand that finding a perfect court for your park or recreation facility means finding a court that utilizes small and large spaces, comes with top-quality safety standards, supports the environment, withstands harsh weather conditions, endures heavy use, and compliments the aesthetic quality of its surroundings.

Sport Court’s customizable courts make the most of your space with multi-sport designs in the colors of your choice. Plus, patented Lateral Forgiveness™ technology, industry-best dry traction, low abrasion, and moisture resistance make our courts durable and safe.

When it comes to caring for your parks and the environment, rest easy with Sport Court. We are a verified ZeroWaste Manufacturer, striving to reduce waste and truly support the areas where we build.

Trust the Champions

We are the World’s Largest CourtBuilder™. Our certified CourtBuilders live in your community and walk you through the entire building process. From design to construction, our wide selection of accessories and multi-purpose flooring create a court to meet all your community needs.

Safest Outdoor Court in the World

All of our courts are built to protect the youth, young adults, and young at heart so everyone can come together and play as a community. Our courts are designed to absorb shock and prevent fatigue, injury and concussions. Plus, our patented Lateral Forgiveness technology gives players the best shock absorption and protection against stress on knees and joints.

“We have 18 courts and are in the process of expanding our facilities even further. Our choice for performance athletic surfaces is Sport Court multi-sport surfaces.”
