

# SPORT COURT®

## UV RESISTANT

## Outdoor Sport Surfaces Built to Last

Sport Court® outdoor surfaces require very little maintenance. Our industry leading color technology and patented UV protection allow for the most vibrant, fade-resistant colors available on the market.

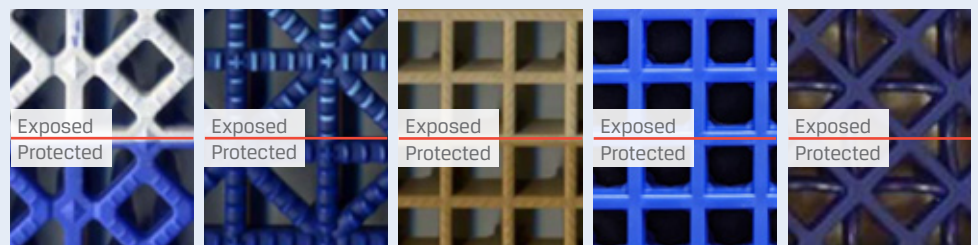

## Long Lasting Color Stability

Outdoor courts face harsh conditions, including UV radiation, temperature extremes and humidity, all of which can degrade the court. Partnering with the Mississippi Polymer Institute, Sport Court developed advanced processes, materials, and designs to create the longest lasting color modular sport tiles on the market.

## Stand up to Weather. Stands up to Sun.

In accelerated weather testing that simulates 10 years of sun exposure, the colors of PowerGame+ and SportGame PB tiles remained vibrant. Competitive tiles all showed fading well before 10 years with some showing fading in as few as 2 years.

**Competitor A**  
2 years

**Competitor B**  
3 years

**Competitor C**  
3 years

**SportGame PB**  
10 years

**PowerGame+**  
10 years

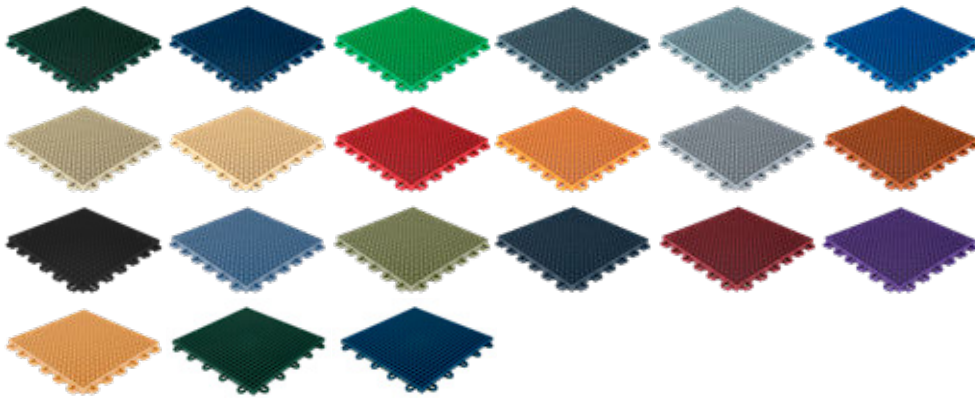

# Design the Ultimate Community Sports Experience

Highlight your school colors, corporate colors, your local sports team, sponsors logos, and more! From inspiration to installation, your local certified CourtBuilder™ will work with you every step of the way.
